Quick Facts

- 1 Lions are the second-largest big cats in the world, right after tigers! Male lions can weigh as much as 550 pounds - that's like a small piano!
- 2 Only male lions grow those awesome fluffy manes around their heads, and they can be blonde, brown, or almost black in color!
- 3 A lion's roar is so loud it can be heard 5 miles away - that's like hearing someone roar from across your entire town!
- 4 Lions are the only cats that live together in big families called "prides" with up to 40 lions living together!
- 5 Most wild lions live in Africa's grasslands and savannas, but a few hundred special Asiatic lions live in India's forests.
- 6 Lions are carnivores who can eat up to 88 pounds of meat in one meal - that's like eating 350 hamburgers at once!
- 7 Baby lions called "cubs" are born with spots that help them hide in tall grass, and they weigh only 3 pounds when born!
- 8 Lions can run up to 50 miles per hour, but only for short distances - like a really fast sprint!
- 9 Lions sleep 16-20 hours every day, making them one of the laziest cats in the world!
- 10 Lions can see six times better in the dark than humans, which makes them amazing nighttime hunters!

Learning Activities

A. Fill in the Blanks

Draw and Label

What do lions look like? Draw one and label its important parts:

A large rectangular area defined by a dashed teal border, intended for drawing a lion.

 **Parts to label:** Mane, Eyes, Nose, Claws, Tail, Paws

Answer Key

Section A - Fill in the Blanks:

1. pride
2. cubs, spots
3. 50
4. manes
5. sleep
6. tigers

Section B - True or False:

1. False
2. True
3. True
4. False
5. True
6. True

Section C - Multiple Choice:

1. b) 550 pounds
2. c) Africa
3. c) Cubs
4. c) 16-20 hours
5. b) They have excellent night vision

Draw and Label Guide:

Students should label: Mane,
Eyes, Nose, Claws, Tail, Paws
